

An official photograph of the club with which the German armies "finish off" wounded soldiers. 32,000 of these were recently captured by the Italians.

The Destruction of Civilization

This is in grim reality what we are fighting this war to prevent. The club pictured above—from an actual official photograph—might be the weapon of a savage cave man of five thousand years ago. It is in fact the weapon with which German soldiers finish off the enemy wounded who have fallen on the battlefield—on the battlefield on

which American boys are fighting.

There is only one answer to make to such methods the defeat of the German Armies. America has taken up the sword to give that answer. Our Army is in France to help win this war on the battlefield—that civilization may be safe, that America may be safe.

You Can Have Your Share in America's Answer to German Savagery

The Third Liberty Loan is your opportunity. It is the most direct blow that can be struck at German military supremacy. It is the most powerful aid that can be given our soldiers in France. It means rifles and helmets and gas masks—the best

protection for our men from German brutality. It means big guns and shells and airplanes—and VICTORY!

Invest TODAY in bonds of the Third Liberty Loan, and save the lives of American soldiers.

COMMENCEMENT ADDRESS

The Rev. Homer W. Carpenter, chancellor of Transylvania College, Lexington, will deliver the annual commencement address to the graduating class of the City High School on the evening of June 6th. The following young ladies and young gentlemen are candidates for graduation: Misses Marcella Chiles, Mary Coons, Mary Crail, Jennol

Gatewood, Laura Hart, Gladys Henry, Loretta Kearns, Gladys McCormick, Elizabeth McNamara, Lela Rogers, Mary Taul, Mamie Wilson and Messrs. Russell Greene, Jesse Hainline, Porter Huls, James Pinney, Burton Prewitt and Chiles VanAntwerp.

Friends here of Mr. William Hussey, the popular auctioneer at the Farmers Tobacco Warehouse in this city for the past several seasons, will learn with sorrow of the death of his father, Mr. C. E. Hussey, which occurred at Wallace, N. C., a few days ago. Deceased had been in poor health recently but his death was unexpected.

Wonder if those wooden shoes so strongly urged by some will prevent or cure cold feet. If they will, the country can stand for them.

TEXTILE WORKER ENDS SUFFERINGS BY TAKING VIN HEPATICA

Nashville Woman Was In Terrible Condition Until Persuaded To Take the Great Nature Remedy, Vin Hepatica

"I simply suffered the pangs of death," says Miss Nora Clay, textile worker, of 16th Ave and Broadway, Nashville, Tenn., and scarcely ate enough to keep a bird alive before relief came to me.

"I could scarcely see at times; black specks would appear before my eyes; I was dizzy and almost had what they call 'blind staggers.' The suffering in my stomach was intense; there were no mighty few things I could eat at all and what I did eat and any medicine I took, didn't seem to do me any good. "Had almost despaired of all hope when I read in the papers about Vin Hepatica. I decided to try it, and it is a God's blessing to me that I did, for I am now on the road to full recovery; am eating three meals a day without any distress in my stomach

and I sleep like a baby. I heartily recommend Vin Hepatica to any one suffering from stomach trouble, dizziness, sleeplessness and that tired, run-down-like feeling."

Vin Hepatica is Nature's own medicine and is known as Nature's own Universal System Purifier and Tonic. It is a combination of eight of the most powerful herbal remedies known to medical science for those who suffer from stomach, liver and kidney troubles; indigestion, constipation, sluggish liver, disease of the kidneys, sleeplessness, dizziness, nervousness, headaches, etc.

We strongly recommend this great Nature remedy. Come and get a bottle and try it, on our recommendation. You will like it and it will do you good.

CLEAN UP PAINT UP SPADE UP

From the 22nd of April to April 27th, inclusive, we insist that in order to eliminate fire hazards and disease spreaders every patriotic citizen in the Commonwealth of Kentucky use his best effort to save and conserve the resources of our State and nation.

Therefore, we request that the mayors of our cities, towns and villages at once issue proclamations calling for a CLEAN UP, PAINT UP, SPADE UP campaign during the week of April, commencing with the 22nd, and continuing to the 27th, inclusive, and we appeal to the civic bodies, Boards of Trade; Chambers of Commerce; Committees on Fire Prevention; Women's Clubs; housewives; boy and girl scout organizations; superintendents, principals and teachers of schools; parochial schools and their heads; fire chiefs and their men, and every other loyal American, to heartily co-operate with their civic authorities in an effort to make the Commonwealth of Kentucky fire and disease proof.

On account of our being at war with a foreign nation to preserve our institutions and our liberties it behooves us to put forth our every effort for the conservation of food stuffs and finished and raw materials from destruction by fire, and to do our bit in this great war for the freedom of mankind we must not only buy Liberty Bonds, but we must do all we can to furnish our boys in the trenches with food, clothing, munitions and supplies of all kinds.

Therefore, carelessness and neglect on our part at this time is indeed criminal. Cleanliness is a big factor in the prevention of both fire and disease. Accumulations of dust, rubbish, rags, waste paper, etc., in basements, back yards, and piled against buildings, are always dangerous. Better have the ash heap or rubbish pile in the back yard converted into a garden spot.

Many fires can be prevented by using ordinary care. "A fire in any case is a calamity, but a careless fire is a crime."

Therefore, we suggest and urge the week of April 22nd to 27th, inclusive, as CLEAN UP WEEK be observed throughout the State, and we call upon the Mayors, Chiefs of the Fire Departments, Health Departments, Chambers of Commerce, Women's Clubs, &c., and on each and every individual in the State to co-operate with this department to help "PUT KENTUCKY OVER THE TOP" in this clean up week.

T. B. PANNELL, State Fire Marshal, Frankfort, Ky. April 10, 1918.

W. S. S. OIL MEN HERE

The Products Development Company, of Louisville has opened temporary offices in the National Hotel building. Its purpose here is the securing of capital for the development of its large holdings in the heart of the Allen and Barren county oil fields in Southwestern Kentucky. Messrs. Frank L. Longaker, Lloyd Sherrick, A. J. Hicks and I. R. Gray are the company's representatives in Mt. Sterling and have charge of the local offices. The holdings of the Products Company are regarded as among the most valuable in that section. Local people, interested in oil development in Kentucky, will profit by an investigation of the Products Company's prospects.

PUPILS MAKING GOOD RECORD

The pupils of the city school have made an excellent record in the matter of buying War Stamps and Liberty Bonds. The total amount purchased to date is \$4,916.83. The Sixth Grade owns Government securities to the amount of \$1,012.00 and the Freshman Class holds the record with a total of \$1,043.52. It should be remembered that practically all of the money invested by the children represents savings. The students intend to increase their holdings largely, during the next few weeks while the campaign for the Third Liberty Loan is in progress.

A GOOD FRIEND

A good friend stands by you when in need. Mt. Sterling people tell how Doan's Kidney Pills have stood the test. Nanie Trimble, of 10 Jamison street, Mt. Sterling, endorsed Doan's Kidney Pills nine years ago and again confirms the story. Could you ask for more convincing testimony?

"Last fall I was hardly able to stand on my feet to do my housework," says Nanie Trimble. "I suffered from an almost constant pain in my left side and a dull, heavy, bearing-down feeling through my hips and across my kidneys. The way my kidneys were acting caused me a lot of distress. My hands and limbs swelled and I was nervous, tired and sick all the time until I used Doan's Kidney Pills. This medicine greatly benefitted me and I soon felt like a different person." (Statement given February 24, 1908).

On January 6, 1917, Nanie Trimble said: "I am always glad to praise Doan's Kidney Pills. They have helped me wonderfully and when I have any sign of kidney trouble they have never failed to give me relief."

Large Sum Appropriated For Costly Prizes To Be Awarded Absolutely Free

First Announcement of the Mt. Sterling Advocate's Automobile and Prize Campaign is Made Today.
Open to All White People of Good Character.
Send in Your Nomination Today.

EVERY CANDIDATE WINS A PRIZE

An Automobile and Hundreds of Dollars in Other Prizes To Be Awarded Absolutely Free to Those Who Participate in The Big Campaign.

The Mt. Sterling Advocate takes pleasure in announcing a mammoth Automobile and Prize Campaign in which hundreds of dollars in costly premiums will be distributed among the popular people of this section of the state in exchange for their spare time efforts.

On another page of this issue will be found the formal announcement and the full details of the most generous and gigantic gift enterprise ever undertaken by a Montgomery newspaper. In presenting this announcement, the Mt. Sterling Advocate intends to make the event the most worthy and most liberal campaign ever waged in this section of the state. Expense has been practically forgotten in planning this big offer and it is with no little degree of pride that the prize winning proposition is presented to our readers.

The Mt. Sterling Advocate is today the fastest growing newspaper in this vicinity. Subscribers are being added to its list each week and in presenting this big prize event, the management intends rewarding a number of popular and ambitious persons very liberally for their assistance in helping to advertise The Advocate and in introducing it in even more homes in this section of the state.

And this is the object of this vast expenditure of money invested in prizes—the securing of new subscriptions and the payment of renewals for the Mt. Sterling Advocate.

Just think of it—hundreds of dollars in costly awards including a handsome automobile, for just a few weeks' pleasant work during your spare moments. Imagine the glorious times that would be yours with a splendid touring car always at your service. Perhaps you already have a car or prefer the money, in which case, you can

easily sell your prize and expend the money in travel or education or a nucleus for a home of your own.

And in this big voting campaign, the Mt. Sterling Advocate has made it possible for you to own a real automobile or any one of many other splendid prizes without one cent of cost to you. How long would it take you to save enough money to buy one of these handsome prizes—for instance—the automobile. Figure it out for yourself and then you will agree with us that opportunity is surely knocking at your door.

All the prizes are valuable and well worth striving for. Yet they will be given free in exchange for a little of your spare time spent in the interests of The Advocate during the next few weeks. The winners of these splendid awards will be decided by the popular vote of the people and votes may be secured in two different ways. First—Get your friends to clip and vote in your favor, the 25-vote coupons which appear in each issue of the paper. Second—The second, which is by far, the quickest and best method to get your friends to subscribe to the paper or renew their subscriptions. Votes are given free on new subscriptions, back subscriptions and renewals.

The big campaign is open to all white people of good character residing in this section of the state. It costs nothing to enter or try for any of the prizes. Neither is it necessary to be a subscriber in order to enter. Simply fill out the nomination blank found on the inside page and bring or send it to the Campaign Manager, c-o Advocate, Mt. Sterling, Ky. Supplies and instructions will then be sent the prospective candidate.

Prospective candidates should not hesitate about entering the big

race for in doing so, they stand no chance of losing. Every candidate who makes an active race will either win one of the regular prizes or be paid for his or her efforts. If you fail to win one of the advertised prizes, you will be paid a cash commission on all the subscriptions you secure. Under this liberal arrangement, a contestant is sure of winning something when he or she enters the race. Take the first step by sending in your nomination today.

The hardest part about a campaign of this kind is to get started but after you do and your friends learn that you intend to make an active race, you will find they will be glad to help you and you will have very little trouble in securing a great many votes. The campaign will not interfere with your employment or home-life and only requires a little of your spare time. In fact, if you wish, you may conduct practically your whole campaign by mail and we will furnish you supplies for this purpose. Ask for these supplies and get your campaign started at once.

It is often said that Dame Fortune knocks at every person's door but once and this may be your opportunity. Will you take advantage of it while it is within your grasp? If so, send in your nomination at once or enter the name of some friend at once so that the candidate may receive the necessary supplies and instructions. Remember the nomination gives you 1,000 votes free to start with and if you send in three subscriptions within the next few days, you will be entitled to 30,000 extra votes.

Rules, Information, Etc.

No member of the force of the Mt. Sterling Advocate or any member of their immediate families will be allowed to enter the campaign. No votes will be sold for money or other consideration. They must be secured as announced in the paper. No vote ballots issued on subscriptions unless accompanied by cash.

A ballot box for votes and nominations has been placed in the office of the Mt. Sterling Advocate or they may be mailed direct to the campaign manager.

The Campaign Manager reserves the right to reject the name of any candidate and to pass final judgment on any question which may arise.

No promise or agreement, either written or verbal, made by agents, solicitors and representatives other than published in the Mt. Sterling Advocate, will be recognized.

The rules and conditions given here or published in the Mt. Sterling Advocate will govern the campaign and in entering all candidates agree to abide by these rules.

Three business men from this county will be selected as judges and will have exclusive control of the ballot box on the last few days of the campaign, and after a canvass of the votes, declare the winners. The decision of the board of judges will be final and will admit no appeal.

Contestants must enter from the

district in which they live—the Campaign Manager to decide any question regarding the proper districting of candidates. Candidates moving from one district to another after they have been nominated will be retained in the district in which they were first nominated.

Nominations may be made at any time up until the last few days of the campaign. The campaign manager reserves the right to reject any nomination or application at his own discretion.

An old subscriber is one who is taking the paper at the start of the campaign.

A person who is not taking the paper at the start of the campaign is considered a "new" subscriber. Where a paper is changed from one member of the family to another, it will be classed as an old subscriber and votes will be issued on it as such.

The Campaign Manager reserves the right to make any changes or alteration in the rules that may be necessary to the best interests of the campaign.

Until further notice, no contestant will be allowed to poll more than a sufficient number of votes to place his or her standing 10,000 votes in advance of the leader of the preceding issue. This rule is only temporary.

If there is anything regarding the campaign that is not fully understood by prospective candidates, they are invited to call at the campaign department or write the Campaign Manager and the matter will be explained in detail.

Readers should clip the coupons which appear in each issue of the paper and vote for their favorite candidate. If you think you can pick a winner—send in your nomination today.

Address all nominations, votes, subscriptions and communications to the Campaign Manager, c-o Advocate, Mt. Sterling, Ky. Make checks, money orders, etc., for subscriptions payable to the Mt. Sterling Advocate.

Bonus Vote Offers

For the purpose of encouraging early efforts, extra vote offers will be made during the campaign. The largest vote offers will be made in the early part of the campaign and the offers will continue to get smaller as the contest nears the end.

EDITOR WOOD STILL TRYING

Editor Stanley O. Wood, of The Gazette, who filed application for entrance into the United States Marine Corps and who went to Louisville last week to take the final examination, failed to pass and was rejected. Mr. Wood has tried repeatedly to get into some branch of the service but each time he has failed to get in on account of his physical condition. When he returned from Louisville he immediately applied for entrance into the Ordnance Department but has not heard from that.

Mr. Wood's motives are very patriotic and he deserves the same credit as if he had been accepted.

A SPLENDID RECORD

The pupils of the Sixth Grade of the Mt. Sterling Public Graded School about six weeks ago organized a War Savings Stamp Club and up until the present time have subscribed for \$1,363 worth of War Savings Stamps and Liberty Bonds. This is a wonderful record and on rough or sent direct to the Campaign Manager, c-o Advocate, Mt. Sterling, Ky.

ed anywhere in Kentucky. Miss Mattie Hoffman, the teacher, has been actively engaged in assisting the pupils in this splendid work and deserves a great deal of credit for their magnificent showing.

HIGH SCHOOL PLAY

The annual Senior play given by the Senior Class of the City High School promises to be of more than usual interest as it is a patriotic play that will appeal to every true hearted American.

The name of the play is "Claim Allowed" and the story is very interesting. Dabney Lefohl, son of a wealthy munitions manufacturer, wants to enlist, but his father prefers money making to patriotism, and so seeks to get him exempted. The story of how his claim was allowed, but a claim to fight and not to be a slacker, is one of much interest. A charming love story runs through it all, and touches of fun are supplied by Dabney's faithful servant, Neb, who learns to fly with the young aviator. "Claim Allowed" will make you laugh and cry and want to buy a Liberty Bond when you see the little Boy Scout sell them.

The play will be put on April 23rd. Tickets will be put on sale at popular prices and a capacity house is expected. The proceeds will go to the local chapter of the National Council of Defense. Four minute speeches will be made between the acts.

The following students are expected to take part in the play: Misses Mary Elizabeth Coons, Elizabeth McNamara, Laura Hart, Marcella Chiles, Loretta Kearns, Jennel Gatewood, Gladys Henry and Messrs. Porter Huls, Jesse Hainline, Burton Prewitt, Russell Greene, Chiles VanAntwerp, George Yeaman, John Allen Strossman and Earl King Senff. A number of Grammar School children will take part in specialties.

Any one needing her services or knowing of any one that does will please leave word at the Rest Room.

AGED WOMAN DIES

Mrs. Sarah Pearson died at the home of her son, Newton Bramble, in this county on Thursday, April 11th. Mrs. Pearson was a splendid Christian woman and was loved by all who knew her. The body was taken to her old home in Bath county and buried.

SHEEP CLAIMS READY

County Clerk Keller Greene has received this county's pro-rata for sheep claims and checks are ready for those whose claims were allowed and they are asked to call at the Court House and receive them. Claims to the amount of \$1,500 were filed from this county.

SPLENDID SHOWING OF STOCK

On Monday Mr. J. M. Hutsell had on exhibition in this city his noted stallion Rall's King Emerald and the great combined stallion never showed up to better advantage. He is a beautiful piece of horse flesh and won for himself many additional admirers. Mr. Hutsell also had his splendid Percheron stallion, Rollo, which also made a fine impression as did the two jacks, Hutsell's Giant and Dr. Howe. All of Mr. Hutsell's stock is in the pink of condition and many mares were booked during the day, one party booking 12 mares to the mammoth jack, Hutsell's Giant.

There was no regular horse show held here as in previous years on April Court Day but there were a few stallions exhibited on the streets. Several years ago Horse Show Day attracted large crowds to this city but recently it seems our farmers take little interest in the breeding of fine horses and we venture to say there are fewer stallions in Montgomery county today than ever in the history of the county.

—W. S. S.—

EXCELLENT WOMAN DIES

Mrs. Sallie Guthrie died at her late home in Bentonville, Ark., on April 15th, after a protracted illness from nervous troubles. She is survived by her husband, J. S. Guthrie, who is the only surviving brother of the late W. P. Guthrie, of this city.

Mrs. Guthrie was a member of the Goode family of Henry county, who are prominent in life's elevating circles and was a most excellent Christian woman. Remains will be brought to Eminence, where burial will take place on Wednesday, April 17. Mr. Guthrie's friends here deeply sympathize with him in his bereavement.

BEAUTIFUL LIFE COMES TO A CLOSE

In this city, at 2:30 o'clock on Wednesday morning last, April 10, 1918, Mrs. Mavina J. Fitch, aged 75, passed quietly and peacefully to her eternal rest. The end came at the home of her son, Mr. W. T. Fitch, on Richmond avenue. The writer of these lines never knew a gentler, lovelier spirit than Mrs. Fitch, or one who had enjoyed a brighter and happier Christian experience. A consistent and devoted follower of Christ since her youth, her life and conversation were a constant "adornment of the doctrine of God our Saviour in all things."

Mrs. Fitch was a devoted member of the Methodist church, and the funeral service was conducted by the Rev. Dr. E. L. Southgate, who paid an eloquent and touching tribute to her many noble qualities. Beautiful in soul and beautiful in her gentle and motherly face, nature and grace had richly endowed her.

Mrs. Fitch was born October 23, 1842, and would, therefore, have been 76 years old on her next birthday. She was an affectionate and devoted mother, and after God had called to his reward the husband of her youth, she found comfort in the unrelenting devotion and care of her dutiful and affectionate children. With a memory rich in recollections of a mother's love, they now "rise up and call her blessed." Mrs. Fitch is survived by four children, Mr. W. T. Fitch, of Mt. Sterling, Mrs. H. C. Buchmann, of Chattanooga, Tenn., Mrs. H. D. Ware, of Clark county, and Mrs. T.

F. McGee, of Zolfo, Fla. The remains were taken to Chattanooga for burial accompanied by her son, Mr. W. T. Fitch, to be laid beside her husband, where together they await the Resurrection morn. "We will not say 'Goodnight,' but in some brighter clime bid thee 'Good morning.'"

"Her still and quiet life flowed on, As meadow streamlets flow, Where fresher green reveals alone, The noiseless way they go.

The dear Lord's best interpreters Are gentle human souls, The Gospel of a life like hers, Is more than books or scrolls."

LIEUTENANT CLARKSON SPEAKS TO LARGE AUDIENCE

Lieutenant Clarkson, a member of the first Canadian contingent to go into actual service "over there," and who was in the thick of the fight until wounded at the Battle of the Somme, lectured at the Liberty Theatre last Tuesday to a large audience. His lecture was much enjoyed. He told only of his personal experiences while in the war, which made it very interesting. He made a strong appeal for the Liberty Loan and made it very clear that too much can not be done for those boys who are willing to make the ultimate sacrifice for us.

The Advocate announced last week that it wanted all the "Spring poetry" it could get. The paper says it wants to begin "saving winter fuel" in time. But the question is, Would the supply keep till next winter?

Mrs. John T. Ginter, of near Owingsville, came Saturday to visit the family of her son, Eli Ginter.

W. T. Baker left Saturday to see his wife, who remains seriously ill at St. Joseph's Hospital, Lexington.

Mrs. Margaret Thompson, little daughter, Marie, and Miss Ora Metcalf, of Salt Lick, came Saturday to visit Mrs. Lientrell Warner.

Mr. and Mrs. Ora Rankin, of Little Rock, visited the family of Bert Sanders Saturday and Sunday.

Mr. and Mrs. Ira D. Simpter and Mr. and Mrs. Preston Muir, of Clark county, visited the family of Thomas Warner, Sunday.

Mrs. J. H. Alexander and Will Roberson were at Lexington Sunday to see Miss Callie Alexander.

FORMER MT. STERLING WOMAN DIES

Miss Eulalie Greene, formerly of this city, died Wednesday afternoon in a hospital near Louisville after a lingering illness. Her body was taken to the home of her sister, Mrs. Marshall Foley, at Lexington. The funeral service was conducted by the Rev. E. W. McDiarmid.

Miss Greene is well remembered here and her numerous friends regret very deeply to hear of her death. Besides her father, she is survived by two brothers, Charles J. Greene, of Georgia, and Leslie Greene of Memphis Co., and two sisters, Mrs. calda Foley, of Lexington, and Mrs. mecher Smith, of Covington.

—W. S. S.—

It is reported that Mrs. Lou Barnes is remodeling the old National Hotel, making the first floor into two large store rooms and so arranging the two upper floors as to make modern apartments. We feel that in the event Mrs. Barnes makes these changes she will receive a handsome return on her investment and will so fill a long needed want of Mt. Sterling for a modern apartment house.

THE BUSINESS WOMAN

Until recently, the business woman was the exception. Now she is everywhere. What with suffrage prevailing in many states and likely to become universal, she is also taking a position in public life never before accorded her sex, so far as history records.

The world war has been responsible for the woman in business, and doubtless has had its effect in bringing about suffrage.

There can be no doubt that, to a large extent, woman is in business to stay. It is up to her to make good, and she can do this if she so wills. To succeed, however, she must of necessity reconstruct her views of life. Not only this, but her education must be radically changed.

Heretofore the boy has been educated for a career. He has been trained for the work that he has chosen. His whole life has been built upon and around his career. Not so with the girl, or if so, the careers have been widely different. In every age of the world up to the present, the ultimate object of woman's existence has been marriage and maternity. True there have always been exceptions, but they merely sufficed to emphasize the rule.

Henceforth, however, if woman is to take her place beside man in

the business world, this must be wholly changed. She must be educated and trained for business first and matrimony as an alternative. There will, of course, be many positions where she can continue to gain a livelihood while awaiting the important event of matrimony, but if matrimony continues to be her ultimate goal, business will always be a side issue, a secondary consideration, and her success therein will be negligible.

And perhaps, contrary to the age-long contention of lordly man, this business training will not unfit her for that more important vocation of matrimony. We confess our inability to see wherein a sound business training can be considered

objectionable in a wife and mother. And as intellect is frequently the offspring of intellect, who can tell but the new departure may be for the better development of the race after all?

Ready For The Big Drive

Our preparations are made for our Big Spring Drive upon our competitors. We offer you advantages gained by our volume of business done and through several stores with which we are connected; by our immense buying power which has been built up in a quarter of a century of successful merchandising.

Utterly Impossible

Had we been forced to buy our new stock at prices prevailing at the time this partnership was formed it would have been impossible to save our customers from the ravages of WAR PRICES, but this was not our position—far from that—our stores had bought merchandise enough on future contracts to take care of an anticipated increase in business and this store shared in those contracts and is now offering this advantage to its patrons and friends.

Shoes, Clothing, Men's Wear

Everything for the man of moderate taste and patriotic habits is here at a price for you. We do not cater to the ultra fashionable price, but to the medium priced trade at a saving on each dollar spent. Staple shoes, good clothes and everything that goes with good taste in dress. The working man is especially sought for by us and we buy our lines of work shoes and work clothes with the same degree of exacting care as a man selects a wedding suit. Once in with us and you are our steady and regular patron for life. Soon you will know no other store but ours and this will be greatly to your advantage as we have determined to make it so. Try it quick.

BY TAKING VIN HEPATICA

Nashville Woman Was In Terrible Condition Until Persuaded To Take the Great Nature Remedy, Vin Hepatica

"I simply suffered the pangs of death," says Miss Nora Clay, textile worker, of 16th Ave and Broadway, Nashville, Tenn., and scarcely ate enough to keep a bird alive before relief came to me.

"I could scarcely see at times; black specks would appear before my eyes; I was dizzy and almost had what they call 'blind staggers.' The suffering in my stomach was intense; there were mighty few things I could eat at all and what I did eat and any medicine I took, didn't seem to do me any good.

"Had almost despaired of all hope when I read in the papers about Vin Hepatica. I decided to try it, and it is a God's blessing to me that I did, for I am now on the road to full recovery; am eating three meals a day without any distress in my stomach

and I sleep like a baby. I heartily recommend Vin Hepatica to any one suffering from stomach trouble, dizziness, sleeplessness and that tired, run-down-like feeling."

Vin Hepatica is Nature's own medicine and is known as Nature's own Universal System Purifier and Tonic. It is a combination of eight of the most powerful herbal remedies known to medical science for those who suffer from stomach, liver and kidney troubles; indigestion, constipation, sluggish liver, disease of the kidneys, sleeplessness, dizziness, nervousness, headaches, etc.

We strongly recommend this great Nature remedy. Come and get a bottle and try it, on our recommendation. You will like it and it will do you good.

HOW TO ENTER THE AUTOMOBILE CAMPAIGN

All that is necessary to do to enter the big competition is to fill out the nomination blank found on this page and bring or send to the Campaign Manager, c-o Advocate, Mt. Sterling, Ky. Supplies and full instructions will then be sent the prospective candidate.

Fair To All

The management, at the outset, pledges absolute good faith and fairness to all the popular and energetic people who will soon become engaged in the big prize race. Every person entering has an equal opportunity to win. Votes cannot be bought—they must be secured as announced in the paper. Fair impartial treatment given every candidate—come in—talk it over and let us help you get started.

HOW TO START YOUR CAMPAIGN

1st—Send your nomination to the Campaign Manager and secure the supplies and instructions. Or better still, come to the office and let us assist you in getting started.

2nd—Request your friends to clip the 25-vote coupons which appear in each issue of the Mt. Sterling Advocate and cast them in your favor. Votes may be deposited in the ballot box at this office or sent to the Campaign Department by mail.

3rd—Get your friends pledged to your support. ask them to subscribe or renew their subscriptions in your favor. Votes are given free on back subscriptions, renewals and on new subscriptions.

Turn your spare time into profit by entering the big race today. A little spare time spent in pleasant efforts among your friends will bring you a valuable prize.

The Mt. Sterling Advocate is inaugurating a mammoth Automobile and Prize Campaign in which everybody is invited to take part—a legitimate voting campaign in which the personal efforts of those entered as candidates, and their friends, will decide their success.

For general scope and extreme elaborateness, this offer finds no parallel in the history of country journalism in this section of Kentucky and there is reason to believe that by the time this great gift enterprise is well under way, it will have arrested the interest and attention of this entire section.

The prizes to be awarded in this great campaign have been selected with special care and the management feels, in offering these valuable awards to the popular and energetic people of this section that it is giving away prizes that are worth their best efforts.

All the prizes will be given away absolutely free in exchange for a little spare time spent in the interests of this paper. The campaign is not a something-for-nothing scheme. In fact, it is no scheme at all. Neither is it a lottery in any sense of the word. It is a business proposition, pure and simple. The publishers of the Mt. Sterling Advocate has gone to this great expense in buying these valuable prizes in order to increase the circulation of The Advocate, advertise it extensively through this section and make it a welcome visitor in every home in the field it covers.

The big Automobile and Prize Campaign is planned along lines that experience has shown afford every one entering an equal opportunity for winning. The rules are eminently fair to all. The management of the campaign will be in hands that cannot have the slightest reason for favoring one candidate above another. The judges will be well known business men of this county who have no interest in any candidate's race.

No restrictions have been made as to who may compete for the prizes except that they be white persons of good character. The Advocate particularly insists that the candidates be of good character as this campaign is one that people of refinement may enter with dignity.

The method of nominating and voting, how prizes will be awarded, etc., etc., are explained on this page.

Read it through carefully and then enter your name or that of a friend at once. Do this today and get an early start in the big race for glory and prizes. The prizes are worth many times the efforts required to secure them—the brief description given here will more than convince you of that. All the premiums are offered under the most liberal conditions and you can win any one of them if you try. Send in your own name or nominate some friend—Today.

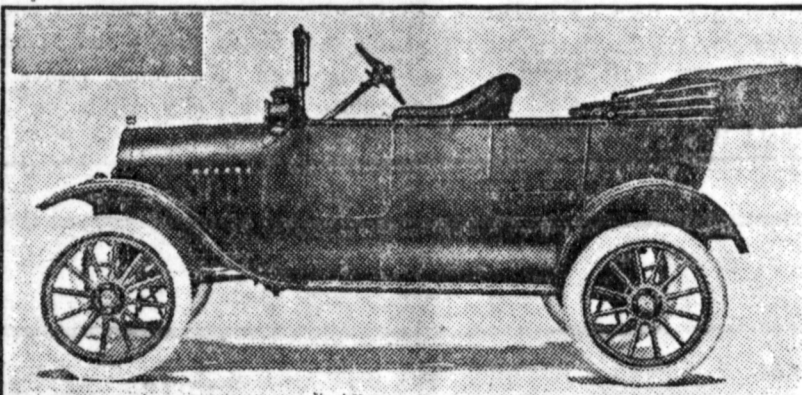

Prizes To Be Awarded

The premiums to be awarded in the Mt. Sterling Advocate's great Automobile and Prize Campaign are, without a doubt, the greatest list ever offered in a similar weekly newspaper campaign in this section of the state. Not content with giving value received in the news line, The Advocate developed a generous streak and decided to do something worth while for the benefit of its readers and friends, and incidentally, provide a little sensation, which we are fully convinced will develop into a big one before many weeks have passed.

The prizes, consisting of a Five-Passenger Ford Touring Car, a handsome \$150 Library Suite, Chests of Silverware, Rings, Watches, etc. are all valuable and well worth striving for. Yet they are being offered under the most liberal conditions so it will not be at all hard to win any of them. Any person having a little ambition and energy and willing to devote a little of his or her spare time in the interests of this paper, has a good opportunity to win.

FIRST GRAND PRIZE

The first Grand Prize in the mammoth Gift Giving Enterprise is a 5-passenger Ford Touring Car, purchased especially for this big campaign from The Strother Motors Company, the local agents for this county. The Ford car is so well known to the people of this section that it is hardly necessary to give a detailed description. Sufficient to say, it is considered the best car at the price on the market today and is noted for its economy of up-keep. It is valued at \$490.09 delivered in Mt. Sterling and will be awarded to the contestant securing the most votes during the campaign.

SECOND GRAND PRIZE

The Second Grand Prize offered in this big enterprise is a genuine four-piece Reed Library Suite, finished in old ivory and upholstered in the best grade Cretone. The suite includes a large Slumber Rocker and Slumber Chair, a large Library Table and a six-foot Slumber Settee with pillows. This suite was purchased from W. A. Sutton and Son, of this city, and is valued at \$150.00. It will be given to the contestant securing the second largest number of votes during the campaign.

THE DISTRICT PRIZES

First Prize—Each District: A beautiful 42-piece Set of Silverware in handsome Mahogany Chest. Given to the contestant standing highest in each district after the grand prizes have been awarded.

Second Prize—Each District: An Elgin Watch. Given to the contestant standing second highest in each district after the grand prizes have been awarded.

Third Prize—Each District: A Synthetic Ruby Ring. Given to the contestant in each district having the third largest number of votes after the grand prizes have been awarded.

Fourth Prize—Each District: A genuine Garnet Ring. Given to the contestant standing fourth highest in each district after the Grand Prizes have been awarded.

No Losers--Everybody Wins

In addition to the above list of premiums, there will be a number of cash prizes distributed, depending on the number of active candidates. Every person entered in the big campaign, who makes an active race and fails to win one of the regular prizes noted above, will be awarded a cash prize consisting of a commission of ten per cent of the amount of subscriptions which they turn in. Under this liberal arrangement, there will be no losers in the big race.

Chests of Silverware, Watches-Rings

Purchased from

Sterling, Ky., who will issue the votes and give or mail them back to a candidate.

Subscribers may make payments of subscriptions to any contestant they wish to vote for and the contestant will give them a receipt. Or they may be sent direct to the Campaign Manager who will give the subscriber proper credit and send the votes to the candidate with the costs nothing extra to secure votes—ask for votes when paying subscriptions—they are given free.

Get Subscriptions Anywhere

Subscriptions may be secured from anyone, anywhere, that the paper can be sent at the regular postal rate. Contestants are not confined to their own districts in securing subscriptions. Start at once and get your friends pledged to your support.

Division of Territory

District No. 1—Includes the City of Mt. Sterling and that part of Montgomery County known as Commissioners' District No. 3.

District No. 2—Includes that part of Montgomery County known as Commissioners' District No. 2 and other territory outside of this county.

Later on, should it be found that the districts can be more evenly divided, the Campaign Manager reserves the right to change the dividing lines of the districts.

Votes Free On Subscriptions

Votes are given free on new subscriptions, back subscriptions and renewals. Below is given the subscription rates and the number of votes given according to the amount paid on subscriptions to the Mt. Sterling Advocate. It will be noticed that Double Votes are given on NEW bona fide subscriptions. Contestants should be careful to learn whether the subscription is an "old" or "new" subscription before they turn it in. Where an old subscription is turned in as new, the votes on this subscription will, at the discretion of the manager, be cancelled.

MERCHANTS THANKED

The advertising for the Third Liberty Loan appearing in this issue of The Advocate has been made possible through the patriotism of the following firms, who have generously contributed the space in which the advertising will appear: Strother Motors Co., W. A. Sutton & Son, Bryan & Robinson, A. B. Oldham & Son, Chenaault & Orear, S. M. Newmeyer, W. H. Wright, The Tabb Theatre, R. D. Barnes, E. W. Stockton, Dr. H. M. Wright, Mt. Sterling Grocery Co., Coombs Studio, John H. Keller, Trimble Grocery Co., Miss Elizabeth Wyatt, Land & Priest, R. H. White & Co., McCormick Lumber Co., The Rogers Co., Doris & Dona-vent.

Space contributed by these firms will also appear in the next two issues of The Advocate.

In the name of the Third Liberty Loan Committee we desire to thank the above mentioned firms for their liberality and we feel that they are doing much to aid in the sale of the present loan.

JOHN G. WINN,
Chairman of Montgomery Co.

Montgomery county had subscribed \$117,300 up to last night toward its allotment of \$223,100 of the Third Liberty Loan. As will be seen this is something over one-half of what is expected of us, and with many of our neighboring counties "Going Over the Top" is time the citizens of Montgomery were hurrying to the rescue. The various committees are busy canvassing the county but you should not wait to be asked but should go to your bank at once and subscribe for all the bonds you can possibly pay for. We have heard of a few instances where our citizens have borrowed the money to buy bonds--so eager were they to show their patriotism and assist the Government in defeating the Kaiser and his band of murderers. If all of our citizens would show this spirit Montgomery county would have long since exceeded her allotment. We are not afraid this county will not reach the amount allotted her but it is our wish to over-subscribe many thousands of dollars, and thereby show the boys who are offering their lives in the defense of the men, women and children of this country that the "folks back home" are enthusiastic in their support of them and their cause. There is scarcely a family in this county that is not able to own at least one Liberty Bond and we hope our people will awaken to the responsibility that is

ours. At the same time we must remember that our farms, our dollars and our all will be worthless unless America and our Allies win this war and we will be mere slaves of the German Emperor. The Government is not asking you to give your money but to merely loan it on the best securities in the world and if we fail to grant this request the next step taken by the Government will be to take our money from us by taxation. Which had you rather do, loan your money or give

it away in taxes? It's up to you, Mr. Farmer, Mr. Business Man

WAR NEWS

The Allies have been able to hold the Germans in check for the past week and few gains of any importance have been made. The Germans continue to suffer heavy casualties but are fighting desperately. Both the French and British armies are putting up a great fight with their "backs to the wall." American troops are being rushed across the Atlantic at a lively clip and our troops are now in the thick of the fray. The British sector is being bombarded heavily but they are fighting gamely and so far have been able to hold the enemy in check.

MISS RATLIFF AND MR. GILLASPIE

Will be Married in Louisville Tomorrow, the Rev. Clyde Darsie, of This City, Officiating

The marriage of Miss Anna Laura Ratliff to Mr. Halley Smith Gillaspie which will occur in Louisville tomorrow will come as quite a surprise to their many friends in this city. Accompanied by Miss Martha Tharp and Mr. William Tipton, the young couple will motor to the Falls City and be united in the holy bonds of wedlock by the Rev. Clyde Darsie, of this city, who is now doing Y. M. C. A. work at Camp Zachary Taylor. The bride is the charming daughter of Mr. and Mrs. A. B. Ratliff, of this city. She is a very attractive and popular young girl, who by her gracious manner and striking personality has endeared herself to a host of friends. Mr. Gillaspie is a son of the late Mr. and Mrs. James H. Gillaspie, of this county and is considered one of the foremost young gentlemen of our city. He is a graduate of the Kentucky Military Institute and is an exceedingly bright and popular young man. The young people will return to this city within a few days and will shortly go to house-

keeping. The many friends of this popular young couple will be deeply interested in the above announcement and will join us in extending best wishes and heartiest congratulations.

CANADIANS TO SPEAK HERE

Two Canadian soldiers, a brief description of whom appears below, will speak at the Court House next Tuesday afternoon at 2:30 o'clock. They are said to be very interesting speakers and it is hoped a large crowd will be present to hear them and learn of how terrible an enemy we are battling with.

Captain W. R. Cameron, in service with the 50th Battalion, Calgary Unit. This unit was granted the privilege of using the title "Royal" in recognition of its service in the field. This battalion has never failed to obtain its objective. Wounded at Vimy Ridge. Awarded Military Cross. (Captain Cameron's wife who accompanied him says she wants to find out during this trip why he was awarded a Military Cross. In reply to her question concerning this he said: "They sent for me at headquarters and when I came back I had the Military Cross").

Lieutenant M. A. MacPherson, in service with the Tenth Battalion. In uniform since early in 1915. Wounded at Arleux (after Vimy Ridge) on April 18, 1917. Still on crutches. Is a young lawyer and said to be a very eloquent talker.

THE DOUBLE EFFECT OF ECONOMY

When an American citizen, instead of spending \$100 for something he wants, denies himself and lends the money to the Government he performs a double service.

First, he furnishes the Government with \$100 to use in the prosecution of the war.

Second, he has relieved to the extent of \$100 the drain on our "goods and services," that is, materials and labor. To make the article or articles he would have bought, or to manufacture others to take their place in the market, would require materials and labor. In addition, to get the article to him labor and freight space would be required. By doing without the article, he has left free a certain amount of material to be used in the same way, and he has also relieved to a certain extent the transportation facilities of the country.

This may not be much in the individual case, but when hundreds of thousands and millions of Americans pursue this course it means millions and millions of dollars loaned the Government, tremendous quantities of materials left for uses of the nation in this war, millions of hours of labor free to do war work, and a vast amount of freight space free for national uses.

These sacrifices are easy to make, are small and trivial compared to the sacrifices that our soldiers and sailors make daily while they offer constantly their lives for their country, the greatest sacrifice of all.

What Makes This Possible?

Why is it that American farmers today are able to go about their work in peace, to cultivate and develop their farms and to get the full results of their work in freedom and peace?

Why is it that unlike the devastated districts of Europe, their farms are peaceful and prosperous and no one interferes with their reaping the full reward of their labors?

Just one thing--the United States Government.

The United States Government is simply another way of speaking of the people of America, because, of course, the people are the government.

As a part of the United States Government you have a share to perform in protecting this country from the enemy and your share is lending money by buying LIBERTY BONDS.

Remember that LIBERTY BONDS are absolutely safe, pay a liberal rate of interest and return every penny you invest.

DELIGHTFUL ENTERTAINMENT
The Woman's History Club rooms were filled to overflowing with the music lovers of Mt. Sterling on Tuesday afternoon, when the music department of the club presented Mrs. Hughes, of Lexington, violinist in recital.

The attractive rooms were made beautiful and fragrant with purple and white lilac decorations as a suitable setting for the following artistic program:

I. Sonata—C. Minor, Greig; II. (a) Ave Maria—Schubert, Wilhelmj; (b) Spanish Dance, Granados; (c) Romance, Wieniawski; III. (a) To a Wild Rose—MacDowell, Hartman; (b) Berceuse, Cui; (c) Air, Bach; (d) Bondino—Beethoven, Kreisler.

Mrs. Hughes is a pupil of Eugene Ysaye of the Royal Conservatory of Music in Brussels, and a distinguished musician possessing numerous and splendid qualifications as instructor in violin playing. She has been soloist with Sousa and his band and many other noted musical organizations. Her accompanist, Miss Myrtle Kesheimer, also of the Lexington College of Music, is a very talented pianist who was educated abroad and is well known in musical circles.

In presenting these talented artists in this beautiful program—the Woman's History Club is sustaining the high standard set by that organization of offering nothing but the best to its members and guests.

MISS ASHBROOK WEDS

Miss Mary Gray Ashbrook, well known in this city, was united in marriage at her home in Cynthiana Friday to Lieut. John Gibson, of Irvington. Miss Ashbrook is remembered here as the beautiful and cultured guest of Miss Mary Beall and has many admirers in this city. The wedding was a beautiful affair and was attended by Miss Beall, who was her former room-mate at the University of Kentucky.

NATION-WIDE CAMPAIGN TO SAFEGUARD BABIES' LIVES

The welfare of three hundred thousand babies is the inspiration for a nation-wide campaign organized by the Federal Children's Bureau and the Child Welfare Committee of the Council of National Defense. Believing that the civilian population has no greater patriotic duty than the safeguarding of the nation's children, the directors of the campaign inaugurated a Children's Year on April 6th, the first anniversary of the United States' entrance into the war.

Carefully prepared statistics prove that three hundred thousand American children under five years of age die each year and that last year fifteen thousand mothers died needlessly. The purpose of the campaign is to counteract such ruthless sacrifice and to give every mother and baby a fair chance at life and health. Authorities agree that one-half of the deaths of infants and most of the deaths of mothers are easily preventable. This year, notwithstanding the withdrawal of many doctors and nurses for war service, it is believed that a large proportion of mothers and babies may be saved. Thus while abroad war and death are reaping vast harvests, on a huge scale at home the United States is pledged to the conservation and protection of human life.

The first feature of the campaign will be a national weighing and measuring contest. Every child under the age of five in the United States will be weighed and measured; records of the results will be reported in order to determine what endeavors must be made in every locality to conserve the child life there. Examinations for the draft have resulted in numerous rejections for physical defects which might have been remedied in infancy or early childhood. The weighing and measuring contest will indicate what the children of the country need if the men of the rising generation are to be free from the physical defects which the draft has revealed.

Kentucky is challenged to heroic effort in this crusade against the death and suffering of the nation's children. Every community in the state is participating in the campaign by helping to save its own babies. Upon the work of every community the co-operation of its nurses, mothers, physicians, its humane individuals and organizations, depends the success of the movement.

Four years of generous aid the men and women of America have given to French and Belgian children, still so urgently in need; the assistance accorded those trans-Atlantic babies is a guarantee of what will be done to make the Children's Year in the United States a success—a new era in the conservation of child life and the protection of motherhood—those foundation stones to national health and prosperity.

1776—1918

The descendants of the patriots of Washington and Paul Jones are fighting once again side by side with the descendants of the patriots of Lafayette and Rochambeau. The time and opportunity have come for a nation to pay a great debt of gratitude for service rendered in great national need and America is paying France the debt she long has owed.

In the Revolutionary War for the freedom of America the French fought on American soil under the command of an American. Today in the war for the freedom of France and for the preservation of liberty to America, and indeed to all the world, Americans fight on French soil under the supreme command of a Frenchman. The honors are even and the honors are great.

No true American who knows the history of this country and loves the honor of his country but thrills at the thought of the American Army in France. The invincible

COMING

MR. RALPH E. MITCHELL

EVANGELIST AND SINGER FOR TWO WEEKS AT PRESBYTERIAN CHURCH

TO THE PUBLIC:

The pastor and members of the Presbyterian Church of this city, contemplating a series of special evangelistic services and "coveting earnestly the best gifts," have arranged with one of the leading pastor-evangelists of our denomination to come to us for two weeks, beginning Sunday morning next, April 21. In the providence of God, our attention has been directed to Rev. Dr. Thomas B. Terhune, the gifted pastor of the Hutchison Memorial Presbyterian Church of New Albany, Indiana. Doctor Terhune is a native of Kentucky, and a forceful speaker. He is without fads or eccentricities, is sound and conservative in his theology, and depends for the effectiveness of his preaching upon the presence and guidance of the Holy Spirit. He is a man of "grace, gift and gumption."

Doctor Terhune will be accompanied by Mr. Ralph E. Mitchell, of Ohio, who is a professional choir-leader and soloist. He comes to us recommended by the managers of the Winona Lake Assembly, which is as high an authority as we could ask. He is an earnest Christian worker, and has devoted his life and his talents to the service of Christ. His voice is said to be full, clear, and magnetic. He enunciates every word so distinctly that not a thought is lost in the rendition of the song, and many have been won by his gracious personality.

So much for the men themselves, but, whilst recognizing the value of capable and efficient human leadership, we shall not be unmindful that there can be no true revival, and no fruits following these proposed services, except as the human word is spoken "in demonstration of the Spirit and of power," and we who would aid in this special ministry do so with prayerful hearts.

The services will be held each day at 7:30 p. m., commencing next Sunday. There will be no afternoon services. Members of other churches are cordially invited to join us in these special privileges. It certainly is our earnest hope and prayer that the influence and benefit may be felt far beyond the limits of our own congregation. We extend a special invitation to the members of the various choirs to sit with our singers, and assist us with the music.

Yours in the Master's service,

M. V. P. YEAMAN.

Americans will turn the tide of war; they will bring to France and her allies a victory for liberty such as France assisted us to win, and repay with interest a debt to liberty and to France long owing and honorably acknowledged.

THE RAVING

The National Baseball League plans to have "knitting days," and on such occasions women with their knitting will be admitted free. Then on sunny days and cheery, plying needles, never weary, Drinking pop and munching peanuts, as you've never done before, While you're gabbing at your knitting suddenly begins the hitting, Screams and shrieks the welkin splitting—splitting as in days of yore— And you turn demurely asking— knitting as you were before— "Tell me, tell me, what's the score?"

While the grandstand rises yelling, cursing, yowling, bawling, telling Things that every umpire's used to, things he's often heard before, You unconscious of the urging, of emotions that are surging, Hearing but delirious bedlam and the clamoring for gore, Beam exultant on the diamond, beam and knit and nothing more, Beam and murmur, "What's the score?"

DOCTOR SAYS VINOL IS THE BEST TONIC

Honest Opinion Doctor Gave His Patient

Bedford, Ohio.—"I was in a pitiful condition, weak, nervous and run down so I could not do my housework. I had doctored for years and tried everything under the sun. A friend told me about Vinol. I asked my doctor about it, and he replied, 'It certainly is the best medicine that can be had today. I couldn't give you any better.' COME ON BOYS!

Yip! Yip! Are we going to trim the Germans?

Well, I guess with all of Uncle Sam's boys rearin' to go, it's an easy job.

But YOU have to help!

The Third Liberty Loan is more important than the first and second. The Government needs your financial co-operation. You must do your "bit" by subscribing to more bonds than your income will allow. Victory demands sacrifice. To win without paying would make a laughing stock of the law of average.

Aside from the investment you are assisting to promote world democracy. Think of it! To make the world safe from unjust ruling. Government bonds are the last word in securities. Your property and other investments will be worthless if we don't win this war. But there's no such word as "don't" in the American patriotic dictionary.

Remember we are all Americans! Let's get together! Buy more than your share of Liberty Bonds. The game of life resembles the famous childhood game of "Follow the Leader." When you do your patriotic duty, your neighbor will follow, and so on down the line. When our boys come marching home with old Glory waving proudly in the wind, you will be thrilled with the thought that you have done your "bit".

Let us all be stockholders in the Bank of Humanity. Come on!

This or Liberty Bonds?

Which do you prefer?

Can you for a minute contemplate the possibility of America failing in this war? It would mean that your farm and your home would feel the iron hand of the enemy with its death and destruction.

Perhaps you may think that this is not possible, that the war is so far away that whatever might happen it would never come to America.

Don't deceive yourself. In these days distance amounts to nothing and if America and her allies fail it is just as certain as day follows night that America will be invaded and her homes laid in ruins, her people murdered and the country visited with the same deadly horrors that have been spread over Belgium and Northern France.

There is one thing that you can do to prevent this.

Buy LIBERTY BONDS and help the United States Government to raise the necessary money so that her brave men at the Front will have an unlimited supply of guns and ammunition to stand between you and the enemy.

PLAY A SUCCESS

"Miss Molly," the Senior play given at the county High Friday evening, was attended by a large crowd and was a success in every way. In spite of the slight admission and lack of room, the sum of \$38 was taken in, from which fund Prof. Goodwin will give a donation to the surgical dressing department of the Red Cross. The play was under the direction of Miss Tipton, of Georgetown, Ky., who we understand, deserves a great deal of credit for her work as teacher of English in this school for the past two years.

OPPORTUNITY IS CALLING

Everybody is demanding more trained Office Help. The United States Government wants thousands of young people for the Civil Service. Uncle Sam says: "Students just starting a course of study may be informed that there is now practically no limit to the number of Stenographers and Typewriters the Government needs."

"The United States Government needs and needs badly, great numbers of Stenographers and Typewriters, both men and women for service in the departments at Washington, D. C., and the situation in federal offices outside of Washington is scarcely less urgent. The supply of qualified persons on the Commissioner's list for this class of work is not equal to the demand. All those who pass the examination are certain for appointment."

Decide now to do your bit by training for a splendid position. We court a thorough investigation. Day and night school.

4,000 CATTLE ON THE MARKET

Prices Were High and Trading Was Slow. A Large Crowd Was in Town and Business Good

The largest run of cattle ever on the market for April Court, fully 4,000 head. The trade needed about half that number. While prices were high trade was not as brisk as last Court. The best steers sold at \$12.50 with yearlings at about the same price. Heifers at from 9 to 10 cents, one bunch being weighed at 10 cents. Cows at from 7 to 8 cents. Bulls at about 8 cents. Nearly all the stock sold by the head so it was hard to get sales. We caught a few though, enough for our readers to know how trade was.

O. M. Ratliff, of Bath county, bought 40 about 500 pound steers at \$55.

Anderson Bogie and R. P. Winn bought 30 about 750 pound steers of Carl Trimble at \$90 per head. Mr. Ratliff, of Sharpshurg, bought 30 about 450 pound heifers at \$45 and five 600 pound cows at \$52.

George Halsey sold 33 about 350 pound heifers and steers to Mike O'Connell, of Carlisle, at \$33. Same party sold seven fancy yearling steers about 600 pound to Lucian Bridgeforth at \$70. Wm. Whaley, of Paris, bought 17 500 pound heifers of Hiram Long at 10 cents.

Harry Lemaster sold 10 about 750 pound heifers at \$65 to Samuel Laythrum. Mr. Laythrum sold 10 ewes with 11 lambs thrown in at \$25 per head.

Eugent Brothers, of Bath county, bought 21 about 750 pound cows at 8 cents.

Frank Lockridge sold 14 about 600 pound steers to M. J. Peck, of Sharpshurg, at \$73. These were good ones.

Soffox Minnix sold 10 about 350 pound steers to John Prather at \$44 per head. Same party sold 10 about 450 pound steers to Wm. Lemaster at \$55.

Al Peed, of Sharpshurg, bought 25 about 400 pound heifers at \$42.50.

Thos. McKee bought 30 about 400 pound steers at \$45. Dr. Johnson bought 12 about 500 pound steers of Sam Wheeler at \$58.

Luther Mason bought 32 about 500 pound steers of Sam Keeton at \$55.

Mike Wilson sold 12 about 700 pound cows at \$57.50, also 7 about 400 pound heifers to J. W. Barnes at \$36, and 10 about 550 pound steers to Henry Judy at \$65.

Many other sales at about these prices and trade was good in the afternoon and there was not a great many cattle left over at night.

Mules

Fair run of mules. Prices were not so high as last court. The highest pair sold was bought by John Adams of Beattyville, for \$570. Farmers bought freely at about \$200 for farm mules. All the dealers that are usually here were present and bought a good many.

STOCK AND CROP SALES

James H. Wood sold his black driving gelding to Will L. Payne for a price of \$125.

Ed. Crouch sold a nice bunch of hogs that weighed around 180 pounds at 10 cents a pound.

Thomas Satterfield sold to Acheson Brothers 50 barrels of good picked corn at \$10 a barrel.

Andrew Webb, of Stoops neighborhood, sold last week to Tom Corbin, of Bath county, a good team of draft mares for \$450.

William Treadway bought in this county last week for William Campbell, of Midway, 97 hogs weighing an average of 100 pounds, for which he paid from 15 to 16½ cents per pound. The hogs were shipped to Mr. Campbell's farm in Woodford county.

Nicholas & Whittaker sold to J. D. Henry four steers, weight about 800 pounds, for which they received \$110 a head.

W. P. Treadway bought from A. L. Tipton one heifer, weight 640 pounds, at 8 cents a pound, and from Nichols & Whittaker 13 500-pound heifers at 10 cents a pound.

Thomas M. Greene bought from Elgin and Walter Sharp, of Bath county, 100 hogs, weighing about 200 pounds, average at \$16.10 a hundred, and from Blount & Peck, of near Sharpshurg, 30 hogs that weighed around 220 pounds, average at \$16.10 a hundred.

SUBSCRIPTION - ONE DOLLAR AND FIFTY CENTS PER YEAR
Cash must accompany order. No announcement inserted until paid for

The Mt. Sterling Advocate is pleased to announce a voting campaign which is presented in detail in this issue. As a means of stimulating circulation and interest generally in a newspaper, this form is used and endorsed by the leading publications of America. The Advocate has appropriated quite a sum of money for this enterprise and although, because of the liberality and bigness of the prize list, it will mean an almost certain temporary financial loss, it will feel repaid by the advertising derived through it and the new readers which will be added to its constantly growing list of subscribers. It is the contestants who enter the big race and the merchants whose advertising appears in these columns who will secure the direct benefit from the big campaign.

For those who enter the big race, the campaign has been so planned that every person will be paid in cash or prizes for his or her efforts; in other words, "you win if you lose." And the entire campaign will be clean and absolutely fair to everyone; he or she who secures the most votes will win the prizes.

The Advocate welcomes you to enter and share in this generous gift distribution.

UNDUE LENIENCY

One can seldom read a daily newspaper without seeing where some German skunk, caught doing or saying something disloyal to America, after kissing the flag, is permitted to go, to continue his devilish work. This is thoroughly disgusting. Instead of allowing old glory to be desecrated, why not let the traitors face a firing squad?

Shelby county has over-subscribed its Third Liberty Loan quota, due to the hearty response of its farmers. The same thing can and must be done here. Remember you had better lend your money to Uncle Sam now, at a good rate of interest, than to cripple him for want of funds and have the Hun take it away from you later.

Your Bond May Bring Him Home in Safety

The supreme tragedies of war are not enacted on the battlefield, but in the home.

Above the shouts of command and encouragement, the roar and shock of the great guns, and all the swelling tumult of battle which bear the husband and father to a hero's grave and a martyr's glory, there rise the weeping of the bereaved wife and the cries of little children deprived of a father's love and care.

American fathers are now on the battlefronts of France. Many must fall; how many depends upon us who remain safely at home.

A single Liberty Bond will help to save a soldier's life, your soldier's life, and bring him home in safety to those who hold his life far more precious than their own.

School boards throughout the state continue to expunge the German language from our schools, Mr. Stanley's veto of such a law, to the contrary notwithstanding.

A WARNING

In no quarter is mob law condemned more vigorously than by the Courier-Journal. Early and late this paper commended it; appealed to the authorities to put it down; appealed to the lawmakers for additional legislation to put it down. But no one recognizes more clearly the fact than the Courier-Journal that the country right now is threatened with such a reign of mob law as it has never known before. People who all their lives have preached and practiced against mob law are now on the brink of resorting to it, and they will be over the brink soon unless the legal death penalty is inflicted on the enemies of the United States who are doing their fiendish work among us.

The debate on the Sedition bill in the Senate shows that many of the members of that body realize this menace; that they understand that while it is well enough to extend the penalties against several classes of these offenders to longer terms of imprisonment the menace of mob law is not to be obviated except by the vigorous infliction of the death penalty upon traitors, spies and every diabolical sneak among us who lifts a hand to destroy our war property and block our war mobilization. Interning and imprisoning these creatures at public expense will not answer. They must be killed by the law if we are to avoid the misfortune of having them killed by mob law.

The authorities at Washington are reported as much wrought up over the lynching of the German, Prager, in Illinois. They have cause to be. They cannot deplore that foolish act more earnestly than the Courier-Journal has done. But that is only the beginning of such foolish acts unless a sterner hand is laid by the law on the Kaiserists who are working their devilism among us. The way to prevent the killing by mobs of those who do not deserve the death penalty is to kill by the law those who do deserve it.

Signs of the threatening storm cloud are not hard to find. Here, for instance, is the Frankfort State Journal saying:

We have not been guilty at any time of applauding the spirit of self-reliant lawlessness which has been manifested from time to time in Kentucky, but we drop this hint to the German spies in this State:

Look out for trouble if you begin poisoning horses in Kentucky. The people of Kentucky are not likely to deal leniently with any one who is detected poisoning horses. It is not at all likely that there would be any of "the law's delays," of which Hamlet spoke regretfully, in the event of the detection of a German agent poisoning horses in this state.

If necessary bodies of vigilantes will be formed and the situation here will be pretty well taken care of. Spies caught will not live to tell the tale. That had as well be understood at the beginning, however regrettable may be the disposition of Kentuckians to take matters in their own hands when the law does not provide an adequate and prompt remedy for intolerable conditions.

You can hear that sort of talk on every side. And it is not idle talk. Human nature was never more human nature than it is at this time. The law must fulfill its functions in dealing with our enemies or mob law will usurp those functions, with its deplorable demoralization and excesses of indiscriminate passion.—Louisville Courier-Journal.

Liberty Bonds

Your Farm will be
worthless
if we lose the war

HERE IS A WAY TO SUBSCRIBE FOR A
\$500 to \$5,000 Government Bond
—OF THE—
THIRD LIBERTY LOAN

And Pay For It
In Ten Semi-Annual Installments With
Interest at 4 1/4 Per Cent

There are, no doubt, a great many people who would like to subscribe to the Third Liberty Loan for a larger amount than their present available cash justifies, and who would prefer not to borrow money from a bank for that purpose. The Equitable (THE STRONGEST IN THE WORLD) offers to co-operate with the people in this situation and presents a plan similar in most respects to one that is in general use in England, and which met with general approval in this country when announced here by the Equitable. It is in entire accord with the policy of procuring a wide distribution of Liberty Bonds and encouraging individuals everywhere to pledge their savings to meet the cost of the war.

Under this plan a subscriber pays approximately 10 per cent of his subscription in cash and agrees to pay the same amount every six months until 10 installments have been paid. The Equitable immediately buys from the Government a Liberty Bond and holds it for delivery to the subscriber when it is paid for in full. If the subscriber dies while the contract is in force, the Equitable immediately delivers the bond fully paid to his widow or beneficiary, and IN ADDITION pays to the widow or beneficiary nearly the entire amount of the installments that have been paid in (to be exact the amount so returned will be the full amount paid with interest at the same rate as allowed by the Government, less the amounts applied to pay for the life insurance carried).

The insurance carried adds so little to the total cost that unless the subscriber is over 47 years of age the total amount actually paid in by him during the five-year term will amount to LESS than the face value of the bond. In other words, the accruing interest upon the bond will more than pay the insurance premiums.

LIE MILLS ARE ACTIVE

In connection with war operations, a splendid plan to adopt is to refuse to believe any report that does not come officially from Washington. The lie mills of the enemy are active, and they are located in all parts of the country. It is the policy of the enemy to stir up discontent, apprehension and terror by any and every means in his power, and he will scruple at nothing in order to carry his point. Well he knows that any cause of anxiety or unrest subtracts from American efficiency.

Every loyal citizen of the United States should be assured of one truth—his government will advise the public freely of every circumstance in connection with war activities that directly affects said public. We do not have to depend on rumor for information, because the Bureau of Information is in existence for the purpose of supplying the people with the truth in every instance.

Just a few instances of needless worry over maliciously false reports might be cited. Recently the report was spread that ground glass had been found in the food of soldiers in some of the camps. The report was at once investigated by the authorities and found to be absolutely false and without the shadow of foundation—a malicious lie, deliberately circulated for the purpose of sowing alarm and discontent. When the falseness of the report was proven, the government reassured the public, and we have heard no more of the matter.

Then the report gained currency that some of the camps were located in notoriously unhealthy localities, and that epidemics of measles, meningitis and other diseases were raging. These, too, were given the lie by the Government, and it was plainly shown that not in any camp had the death rates been above the normal for the country, and in most instances was in fact far below normal, demonstrating the health efficiency of the entire army cantonments.

America can win the war; she will win the war. But she can subtract from her efficiency and unnecessarily prolong the conflict if she suffers herself to become alarmed over every idle report or malicious lie that is circulated. We must keep cool and apply every ounce of our energy in work that counts in aid of our government and the boys who are to fight our battles on the fields of Europe and on the seas.

Trust your Government. It is right, and it has a due regard for your peace of mind, and everything that you should know that is calculated to affect that peace of mind will be duly communicated to you by those in authority.

Bury the products of the lie mills in utter unbelief. That way it will be harmless.

TABB
THEATRE

HAPPENINGS IN FILM DOM

"Iris," which is booked at The Tabb Tuesday, April 16th, is a photoplay bordering on the sensational but acted and produced with good taste and restraint. The character of the Maldonado is particularly picturesque, what with his cold scheming to possess the beautiful woman about whose lovely face and figure the story revolves and his warm protestations of undying love for her. His actions are not those of an Anglo-Saxon and Henry Ainly's work in the role is therefore worthy of praise, since he makes "Maldo a

character which will appeal to the imagination of the public and earn hisses of hate which are of course music to the villain's ears.

The things to play up are the fame of Sir Arthur Wing Pinero, the strength of the story and the beauty of Miss Alma Taylor.

"The Secret of the Storm Country," which will be at The Tabb Friday, April 19th, "will have a lesson for everyone who sees it," declared Norma Talmadge in discussing the picture. "In my opinion it is every motion picture actress' duty to up-

hold the sanctity of the home, and inasmuch as the fifth estate plays such an important part in moulding present-day public opinion this photoplay will appeal not only to one class but to every rank of society, rich or poor, worldly or home-loving.

"It is because it has this appeal that I think it the greatest picture I have ever done. The story depends for its climax on love's sacrifice. And inasmuch as this is an era of sacrifice it will teach to every woman who sees it a lesson which will make her want to sacrifice herself for a worthy cause, either for home or for country."

A new star in the greater Vitagraph constellation comes to the Tabb Theatre on Saturday in "His Own People," a Greater Vitagraph Blue Ribbon Feature, sharing honors with Harry Morey. She is Gladys Leslie, a tiny blonde, and called by some critics "the girl with the million-dollar smile." Miss Leslie is a New York girl, who got her opportunity with the Thanhouser Company and was seen in several important features on the Pathe program. She first attracted attention as Sophia in "The Veil of Wakefield," in which Frederick Warde was starred, and later appeared in two vehicles in which she was featured alone. They were "The Amateur Orphan," and "What Happened to Adele," in both of which she had roles peculiarly suited to her.

Albert E. Smith, president of Greater Vitagraph, a man noted for his ability to pick actresses and for his conversation, is authority for the statement that in Miss Leslie his company has a "find." He says that it is his intention to provide Miss Leslie with vehicles which will permit of the development of her talents to their fullest.

"His Own People" is a story of Irish village life, the scenes being laid in a little spot in Connemara on the shores of Lough Corrib. There are numerous fine touches in the picture especially those introducing the domestic animals—dogs, pigs, cats, chickens, geese, etc.—and the production is generally declared to be one of the finest ever put out by the Vitagraph company. It was produced under the direction of William P. S. Earle, who also directed "Within the Law" and other big Vitagraph features, and is declared to be a masterpiece of photoplay drama and artistic photography.

OUR NEIGHBOR'S BOY

Of course you remember your neighbor's boy now "somewhere in France." Sometimes you used to shake your head and wonder a little, when you looked at him, just what he was going to make of himself. He was a trifle inclined to be wild, a little too full of the "Old Nick."

But when the war came and the call to arms went forth your neighbor's boy got a grip on himself. When he left he was one of the likeliest looking recruits that your section had produced. He didn't have a lot to say but there was a new sort of set about his jaw, a new look in his eyes.

And somewhere over yonder that boy is offering his life today for you and yours. He's playing no

favorites, for he represents us all. Aye he's standing for the liberty of the whole world!

Somehow you think more kindly of him now. You recall that he was about the age of your own boy, who probably would have been with him when he left—had he lived. And your mind instinctively wanders out to that little acre of God's on the hill.

Your boy has been sleeping peacefully under a carefully tended mound for many a year. But where may your neighbor's boy be lying soon in his endless sleep. Your boy's mother has hallowed that mound with her tears a thousand times. But what of the mother of your neighbor's boy, should he not come back.

And what of countless thousands of other mothers like her!

We who stay at home cannot turn aside the death dealing German bullets. We cannot strifle the gas fumes; stamp out the liquid fire or stay the ravages of disease which will claim their myriad victims.

But we can help shorten the horror of it all by making it possible for the Allies to strike harder and

surer and more effectively at the Hun horde.
